Treavor Hayes- grandson of Marc and Sue Hayes is receiving treatment for a tumor in the optic nerve. Please keep him in prayer.

PRAY FOR OUR MILITARY LOVED ONES

Ethan Memolo & Chase McNabb

One of my favorite recollections of my daddy's wisdom was in his description of a rancher erecting a windmill to turn his generator. The rancher decided that the electricity produced was just about half what he needed. "Why don't you put up another mill?" a friend asked. "There ain't enough wind out here for two," he replied.

*"It is not the lofty sails but the unseen wind that moves the ship."
MacNelle Dixon*

Man's apparatus has never been too much for God to run. It's common for us to conceive that God just simply doesn't or can't cope with our needs. What we may not appreciate is that the power is there - all power - power to run a zillion windmills and sails as easily as one or two. The reason I may belittle God's energy is that all I've ever expected Him to do for me is run a very limited part of me. If I'd ever offer the rest of me (e.g., more windmills and more sails, i.e., more of my problems, and more of my deficiencies) I could begin to see His boundless energy.

*"Now to Him who is able to do exceeding abundantly beyond (boundlessly) all that we ask or think (recall your wildest thoughts and requests and God can exceed them all), according to the power that works within us, to Him be glory in the church and in Christ Jesus to all generations forever and ever. Amen"
Ephesians 3:20,21*

Is my marriage floundering? Family tensions? People problems? Put up another windmill! Ask God to operate more of my heart as I yield to Him.

*My schoolwork decaying? Job problems? Impure thoughts or habits? Indifference? Laziness? Selfishness? Put up another sail! God can operate in every facet of my existence that I'll let Him.
Get it up and step back.*

Fascinating, isn't it.

Danny Cline
